**Style Sheet for Submissions to the Journal of Book of Mormon Studies**

1. Please submit your paper as a double-spaced hard copy. Files are preferred, but files in other than the Word format are discouraged. The file name should consist of either the author's last name or the title of the paper. Include a cover letter with your name, address, phone number, and a short abstract of 100–150 words, if possible. If non-printable characters are used in the document, spell out all abbreviations. A table or figure of 100 or fewer words may be included, but a full-length figure should be submitted separately.

2. Submissions will be refereed by the editorial board. Include your name, address, phone number, and a short abstract of 100–150 words, if possible. If non-printable characters are used in the document, spell out all abbreviations. A table or figure of 100 or fewer words may be included, but a full-length figure should be submitted separately.

3. Spell out all scriptural references to the Book of Mormon, Doctrine and Covenants, New Testament, Old Testament, and Bible within the text. In parentheses, follow these examples: (Mormon 1:3; 2:1; 3:5; 4:26; D&C 1:2; 2:2; 3:5; 4:26; I Timothy 3:12; II Timothy 3:8; Acts 3:22). The Arabic numerals 1 and 2 should be used for ML and the Doctrine and Covenants. The text of the Bible is not cited, and since the text is not cited, the reference is placed before the terminal punctuation mark. “And we did beat them again; and their dead were cast into the sea.” (Mormon 3:8)

4. Source citations for quotations and other references to them should be placed in the text. For example, the reference is placed before the terminal punctuation mark. “And we did beat them again; and their dead were cast into the sea.” (Mormon 3:8)
